LIFELINE PLACEMENT TOOLS

Field Ready
LL II Precision Line Launcher Set
Includes: Recoil Pad, Soft Projectile w/ Target Line Attachment Lead, Yellow Loads, Rope Caddy & 150' Target Line w/ Stacking Bag.

LL II Precision Line Launcher
Includes: Recoil Pad & Soft Projectile w/ Target Line Attachment Lead

PRECISION LINE LAUNCHERS W/120 FT VERTICAL CAPABILITY

Yellow Loads
50 – 70 ft

Soft Projectile
w/ Target Line Attachment Lead

Target Line

Tightly woven (stackable) slick plastic cord that offers very little resistance to a composition shingle's tendency to snag or hold up the process of line placement across a roof structure.

Rope Caddy & Ridge Cap Protector

Two components that allow a single person to pull a rope into place w/o causing damage to shingles, ridge cap or rope.

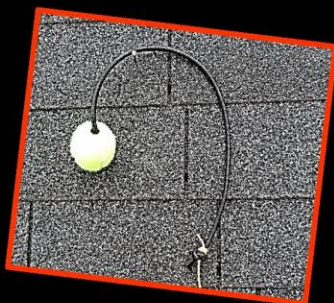

Red Loads
100 – 120 ft

Target Line Bag

Keep your Target line in a tangle free state and ready for deployment by stacking it in this storage bag. 600-denier coated polyester w/ drawstring top capable of storing 300 ft of Target Line, Rope Caddy & Comet Ball.

Comet Ball

Weighted tennis ball with attached shock cord capable of deploying Target Line over roof structures up to 60 ft tall.

Comet Ball Line Deployment Set

Weighted tennis ball with attached shock cord, Rope Caddy, 150 ft of Target Line, stacking bag and leather ridge cap protector. Allows for total rope placement over a pitched roofing structure in less than two minutes.

ROPES & ANCHOR CORDAGE

BlueWater II 10.5 mm
Low Elongation Rope / Beige
6500 lb Tensile Strength.

Protac 10 mm
Low Elongation Rope / Black
6500 lb Tensile Strength.
NFPA Certified!

1" Tubular Webbing
Perfect for turning odd shaped
structures into anchor points
4500 lb Tensile Strength.

FORESTER

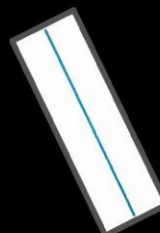

Rope Bag

600 -Denier coated water resistant bag with draw-string top and mesh pockets. 15" tall with a 11" diameter, holds up to 250 lf of 10.5 mm rope.

Rope Bucket

Simple and durable, the BUCKET bag allows the user to store a rope and any associated gear. It remains upright and keeps its shape, even when empty, for easy access to the contents of the bag. It is available in two colors and two versions: 25 and 35 liters

Parallel 10.5 mm

Low stretch kernmantel rope, flexible and lightweight for rope access. The PARALLEL 10.5 mm low stretch kernmantel rope is designed for rope access.

Rope Bucket

Simple and durable, the BUCKET bag allows the user to store a rope and any associated gear. It remains upright and keeps its shape, even when empty, for easy access to the contents of the bag. It is available in two colors and two versions: 25 and 35 liters

20' Anchor Slings

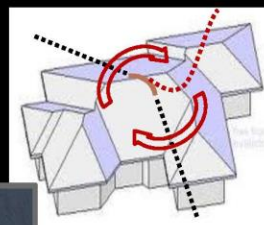

Quick anchor points w/o knots by simply wrapping twice around suitable anchor point and clipping in with carabiners.

9000 lb End to End Tensile Strength
18000 lb Choker Strength

Podium Seat Board

A wide adjustable seating platform to rest in comfort on during vertical rope access tasks that require prolonged periods of suspension.

360° Access

Leather Ridge Protectors

An essential tool for preventing damage to ridge cap, damage to rope and for building pivot points that allow 360° access around primary lifeline. Easily pulled into position over ridge cap at the same time rope is put into place AND ALL FROM GROUND LEVEL!!!

**Hands-Free
Placement Over
Ridgecap!**

HARNESSES & HARNESS ACCESSORIES

Top Croll Chest Harness

An outstanding work positioning chest harness (compatible w/ Falcon Sit) with an attached Croll chest ascender that is ideal for ladder and roof slope ascension.

PETZL

Cordex Gloves

Very durable leather work gloves well suited for rope handling & roof inspection.

5pt Body Harness

available with attached Croll

An economical yet highly functional alternative to our name brand harnesses. Comes with 5 D-Rings, Eqpt Carrying L loops, and Steel Trapezoid connector. Easily modified to accept Croll and Jumar style ascenders.

Aaweal

Falcon Sit Harness

An ideal work positioning seat harness w/aluminum central D-ring, equipment loops and tool bag attachment points.

Vertex Vent Helmet

ANSI Z89.1 Class E Rated Provides protection against impact and contact with electrical lines. Easily adjusted to fit any headband size.

PETZL

bolle VIZIR Shadow

ANSI Z87.1 Safety Visor compatible for installation on all Vertex Helmets

Utility / Tool Bag

A hands-free way to carry your camera, chalk, tape measure...

Caritool Racking / Attachment Clip

Attaches Tool Bag To Petzl Harness

PETZL

PETZL

Astro Bod Fast Croll Fast

ANSI Rated 359.1 & 359.3 five point full body harness with attached Croll ascender, central, sternal and dorsal D-rings. Has ventilated padding, quick release leg strap buckles, equipment loops and tool bag attachment points. Essentially all the features that the Avao Croll Fast Harness had plus the added ergonomics of comfort and far superior weight distribution features for safety during prolonged periods of suspension.

BELAY HARDWARE

BlueWater
Ropes

Dynamic Lanyard

Keeps your hand ascender within arm's reach and secured to central D-ring on seat harness.

PETZL

Hand Held Ascenders

Ascender with a self-cleaning toothed cam that delivers optimal performance even on muddy, wet or icy ropes.

PETZL

ASAP Mobile Fall Arrester

Designed to stop a fall, slide or uncontrolled descent. Can be attached or removed at any point along a lifeline and is easily locked into place for hands-free use. Moves freely along a lifeline with minimal manual intervention. Comes with an OK Triact-Lock automatic locking carabiner. The Rope Access Industry's highest standard for fall arrest.

OXINDA

20 cm ASAP Sorber

Rip stitch energy absorber designed to keep arresting forces below the threshold for human shock related trauma. Recommended for use w/ ASAP Mobile Fall Arrester.

PETZL

Foot Tape

Great for true vertical ascents straight up a lifeline when combined with a Hand Held Ascender and a Croll Chest Ascender.

PETZL

Rescucender Rope Grab

A cam loaded rope clamp that can be installed or removed at any point along a lifeline. An ideal work positioning device for roof slope specific access up to 12/12 pitch.

BlueWater
Ropes

6.5 mm Dynamic Prusik Cord

The most cost efficient and useful belay device available. A multi-directional fall arrester w/ deceleration capabilities.

ID Descender

Fixed line descender w/ position locking handle and spring-loaded attachment gate like Rig descender but also includes anti-panic and loading error protection features.

PETZL

Pivot Line Ring

Used to expedite the process for Pivot Line construction. Keeps primary lifeline knots properly loaded.

Rapid Link Connectors

Fixed Connection Points used to link harness components

PETZL

Rig Descender

The industry's most preferred descender w/ position locking handle and spring loaded attachment gate.

PETZL

Oxan Steel Carabiners

Three-stage twist lock, a solid choice for steel to steel connections 6000 lb Tensile Strength.

YOKE

Steel Carabiner

Three-stage twist lock 5000 lb Tensile Strength.

PETZL

OK Oval Aluminum Carabiner

Three-stage twist lock 6000 lb Tensile Strength.

OXINDA

Aluminum Carabiner

Two-stage twist lock 5600 lb Tensile Strength.

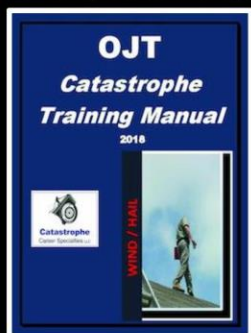

EVEREST®

Gear Storage Bag

250 Page Training E-Book

Wind Hail Training Manual for New Property Claims Adjusters seeking a competitive advantage on their next storm deployment.

50 Page Training Guide

Get the very latest information available on Pitched Roofing Structure Access from the World-Wide Rope Access Community. This document is the actual training guide for Level I & Level II High Angle Rope Access workers. A 50 page field guide with over 50 illustrations and 70 photos that reveal the best practices for safe access of even the most aggressively pitched roof structures.

1200 lb Ladder Straps

ACCESSORIES

Roof Anchor Kit

Work Positioning / Fall Restraint System (3500 lb TBS) that installs (and removes) in minutes to 1/2" plywood decking under the nailing strip of any composition style shingled roof. Kit Includes:

- Two Stainless Steel 14ga Anchor Plates, 72" Sewn Dynamic Lanyard, 22kn Belay Ring, Two Steel 3-stage ANSI Carabiners, One 3-stage Alum Carabiner, 50' of 10mm Dynamic Rope

OSHA & ANSI Compliant
3500 lb TBS
Installs in MINUTES
W/ NO Damage to Shingles!

Ladder Max Stabilizers

PROTECT GUTTERS
AND GET 10 X MORE
LADDER STABILITY
W/ "LADDER MAX"

Kick-out and lateral slips are the two leading causes of roof access ladder injuries. The use of a Ladder Max stand-off stabilizer has demonstrated up to and beyond ten times the resistance to such ladder positioning failures. This is without question the tool that those who climb roofs for a living simply should not be without.

Clips On To Most Every Articulated, Extension & Telescoping ladder In Under 10 Seconds!

PROVIDES UP
TO 1200 LBS
OF KICK-OUT
RESISTANCE!!

ROOF SPECIFIC ROPE ACCESS KITS

"12/12 Standard"

Standard Rope Access Kit

1. 200' & 50' BlueWater II Rope
2. 22kn Pivot Line Ring
3. Rope Bag
4. Five 2-Stage Alum Carabiners
5. Two 2-Stage Steel Carabiners
6. Delta Rapid Link
7. 5pt Croll Body Harness
8. Two 100'-1" Tubular Webbing
9. Two 20' Anchor Slings
10. Left Hand Ascender
11. Stop Descender
12. 24" Dynamic Lanyard
13. 44" Dynamic Prusik Cord
14. Ridge / Rope Protector
15. Comet Ball Line Deployment Set
16. Everest Equipment Bag
