**Field Ready**

**LL II Precision Line Launcher Set**
Includes: Recoil Pad, Soft Projectile w/ Target Line Attachment Lead, Yellow Loads, Rope Caddy & 150’ Target Line w/ Stacking Bag.

**Target Line**
Tightly woven (stackable) slick plastic cord that offers very little resistance to a composition shingle’s tendency to snag or hold up the process of line placement across a roof structure.

**Comet Ball Line Deployment Set**
Weighted tennis ball with attached shock cord, Rope Caddy, 150 ft of Target Line with stacking bag.

**Soft Projectile**
w/ Target Line Attachment Lead

**Rope Caddy**
Lifeline deployment cylinder that allows a single person to pull a rope into place w/o causing damage to shingles, ridge cap or rope.

**Yellow Loads**
50 – 70 ft

**Red Loads**
100 – 120 ft

**Target Line Bag**
Keep your Target line in a tangle free state and ready for deployment by stacking it in this storage bag. 600-denier coated polyester w/ drawstring top capable of storing 300 ft of Target Line, Rope Caddy & Comet Ball.

**Comet Ball**
Weighted tennis ball with attached shock cord capable of deploying Target Line over roof structures up to 60 ft tall.
BlueWater II 10.5 mm
Low Elongation Rope / Beige
6500 lb Tensile Strength.

Protac 10.5 mm
Low Elongation Rope / Black
6500 lb Tensile Strength.

**Rope Bag**
600 –Denier coated water resistant bag with draw-string top and mesh pockets. 15” tall with a 11” diameter, holds up to 250 lf of 10.5 mm rope.

**1” Tubular Webbing**
Perfect for turning odd shaped structures into anchor points 4500 lb Tensile Strength.

**Rope Bucket**
Stout vinyl waterproof exterior with draw-string closure, two handles and zippered exterior access pocket. Holds up to 250 lf of 10.5 mm rope.

**12’ & 20’ Anchor Slings**
Quick anchor points w/o knots by simply wrapping twice around suitable anchor point and clipping in with carabiners.
9000 lb End to End Tensile Strength
18000 lb Choker Strength

**Anchor Barrel Webbing Harness**
Turns any 15 lb 55 gallon drum into a 460 lb anchor capable of providing up to 1800 lbs of support when combined with a rope placed over a ridge cap. Can be moved into place empty and filled with a garden hose.
7000 lb Tensile Strength

**Leather Ridge Protectors**
An essential tool for preventing damage to ridge cap, damage to rope and for building pivot points that allow 360° access around primary lifeline. Easily pulled into position over ridge cap at the same time rope is put into place AND ALL FROM GROUND LEVEL!!!
Top Croll Chest Harness
An outstanding work positioning chest harness (compatible w/ Falcon Sit) with an attached Croll chest ascender that is ideal for ladder and roof slope ascension.

Vertex Best Helmet
ANSI Z89.1 Class E Rated
Provides protection against impact and electrical risk. Easily adjusted to fit any size headband size.

Cordex Gloves
Very durable leather work gloves well suited for rope handling & roof inspection.

6.5 mm Dynamic Prusik Cord
The most cost efficient and useful belay device available. A multi-directional fall arrester w/deceleration capabilities.

Dynamic Lanyard
Keeps your hand ascender within arm’s reach and secured to central D-ring on seat harness.

Hand Held Ascender
Ascender with a self-cleaning toothed cam that delivers optimal performance on even muddy, wet or icy ropes.

Oxan Steel Carabiners
Two-Stage Screw lock or Three-stage twist lock, either way a solid choice for steel to steel connections 6000 lb Tensile Strength.

Rig Descender
The industry’s most preferred descender w/ position locking handle and spring loaded attachment gate.

Falcon Sit Harness
An ideal work positioning seat harness w/aluminum central D-ring, equipment loops and tool bag attachment points.

AMD Ball-Lock Aluminum Carabiner
Three-stage twist lock 6300 lb Tensile Strength.

AMD Screw-Lock Aluminum Carabiner
Two-stage screw lock 6300 lb Tensile Strength.

Steel Carabiner
Three-stage twist lock 5000 lb Tensile Strength.

Aluminum Carabiner
Two-stage twist lock 5600 lb Tensile Strength.
Secur Chest Strap
A lightweight toothed ascending cam that is mounted to the chest with a Secur chest strap.

Navaho Body Croll
ANSI Rated 359.1 & 359.3 Body Harness with attached Croll ascender, central, sternal and dorsal D-rings. Has ventilated padding, quick release leg strap buckles, equipment loops and tool bag attachment points.

Foot Tape
Great for true vertical ascents straight up a lifeline when combined with a Hand Held Ascender and a Croll Chest Ascender.

Progress
Dynamic Progression Lanyard for use w/ Hand Held Ascender and Rope Grab. Short arm 30 cm Long arm 65 cm

ASAP Mobile Fall Arrester
Designed to stop a fall, slide or uncontrolled descent. Can be attached or removed at any point along a lifeline and is easily locked into place for hands-free use. Moves freely along a lifeline with minimal manual intervention. Comes with an OK Triact-Lock automatic locking carabiner. The Rope Access Industry’s highest standard for fall arrest.

Rescuesender Rope Grab
A cam loaded rope clamp that can be installed or removed at any point along a lifeline. An ideal work positioning device for roof slope specific access.

Croll Ascender
A lightweight toothed ascending cam that is mounted to the chest with a Secur chest strap.
